

## GLOBAL SURVEY ON SPORT FOR DEVELOPMENT TRAINING NEEDS

Sport for Development uses the enormous power of sport to engage individuals and communities who face disadvantage, discrimination and social exclusion, and it stimulates positive change in their lives.

But Sport for Development professionals do not have enough training relevant to their practice and the challenges they face every day.

SKILLS4CHANGE aims to bridge this gap by providing accessible, multilingual online training courses to meet Sport for Development's high priority skills needs through a global platform. To make this work, we need to know what those priority needs are.

**This survey is your opportunity to shape the future of global Sport for Development training.**
